

CAMP BATCH: BOOT CAMP

TRAINING HARD FOR EDUCATION

SUMMER 2024 YEARBOOK

BEST OF THE BATCH FOUNDATION

ABOUT US

Best of the Batch Foundation was founded in 1999 by former Steelers Quarterback to give back to his hometown of Homestead, PA. It offers over 14 programs to school-aged children, annually serving over 3,800 children and their families in 9 Western Pennsylvania counties. Our showcase is the "Clubhouse", where the majority of the day-to-day programming takes place. When one imagines a clubhouse, it brings to mind a place where you can hang out with your friends; a place where you feel safe and a place where you can have fun. The Clubhouse is all of those things for neighborhood children from K-12, but it adds the critical element of education. The children learn while they are having fun!

We provide a variety of different programs to serve every child who walks through our doors during their out of school time. Our STEAM program allows children the opportunity to engage in creative thinking in ways that utilize their strengths- whether that be through coding, 3D printing, robotics, or music production. Girl Talk engages both middle school and high school girls in a mentoring program where young girls receive accurate information and advice to navigate the challenges of growing up. Homework help and individualized tutoring are offered to every child who attends, which has resulted in an increase in school attendance and homework submission in participants. Grub Time is our out-of-school time meal program, where all children receive a hot meal including a protein, vegetable, fruit, starch, and a healthy snack every day. Functioning as the only completely free clubhouse within a two-bus transfer of our community, the out of school time programming Best of the Batch offers reflects the wants and needs of the surrounding communities.

Our Foundation also provides outreach services through multiple programs, including our back to school readiness program BatchPacks, our holiday toy drive Batch A Toys, emergency response programming like our Comfort in a Basket initiative, and EITC, OSTC, Pre-K, and college scholarships.

SUMMER PROGRAMS

CAMP BATCH

Camp Batch is our summertime program which provides youth with physical activity, meals, field trips, and educational enrichment to combat summer learning loss. Camp Batch's focus is hands-on learning opportunities for youth that are centered around subjects and ideas that matter to them, with the goal of reinforcing the retention of academic topics to combat summer learning loss. This is a summertime day camp for kids to have fun!

GIRL TALK

Girl Talk is a national non-profit program focused on high school girls mentoring middle school girls by building self-esteem, developing leadership skills, and recognizing the value of community service. Girl Talk at Best of the Batch Foundation seeks to support the positive growth and development girls need during the formative middle school years through weekly educational meetings throughout the school year. Starting in 2015, our talented Steel Valley High School mentors adapt lessons provided by Girl Talk nationals to fit the needs, environment, and questions of the Steel Valley Middle School participants they teach. While some lessons are more light-hearted, such as making new friends and the importance of teamwork, other lessons speak on life's more difficult situations, such as racial prejudice, eating disorders, and unhealthy relationships. The root of all our lessons is to provide our middle schoolers correct information, helpful resources, and real advice from high schoolers who have experiences the middle schoolers can relate to.

PROJECT C.H.U.C.K. SKILLZ CAMP

Project C.H.U.C.K. stands for Continuously Helping Uplift Community Kids. Our goal is to provide our youth with the resources they need in order to give their best efforts in all they do, both now and in the future. This basketball camp is for boys and girls ages 7-12. The kids are taught the basics of basketball from a beginner's standpoint.
